

Small to medium venues

For hotels with less than 500 rooms

To provide real-time transmission of IP-based video streaming, voice communications and other multimedia applications, such as IPTV, voice badges and digital signage, is challenging yet necessary for hospitality

services. To address these needs, ability to provide infrastructure with decent scalability, performance and stability to deal with high-bandwidth network applications is the first priority for small to medium size hotels.

“ Our Radisson BLU Hotel is located in one of the most beautiful areas of our Ordu province. Our customers require wireless Internet access, which has become as indispensable as hot water in rooms. As an institution that values customer satisfaction, we evaluated these requests and transferred our wireless infrastructure to an expert: Zyxel. We are very pleased with the results of the project and our guests now enjoy wireless Internet access from anywhere in our hotel. ”

—Coşkun Candaş,
Ordu Radisson BLU Hotel Vice General Manager

Application Scenario

“ We are extremely satisfied with the project implementation by Tascan Systems GmbH, and Zyxel products fully meet our expectations. They are working flawlessly and can be extended without any problems with rising demand. ”
