

Take your business phone with you

Mobile workers now have instant access to their corporate phone extension – anywhere, anytime, and on any device.

SIMPLE

One phone number and one extension that extends to include your mobile phone.

REACHABLE

Callers don't have to try multiple phone numbers to reach you.

PRIVATE

The mobile app sends company caller ID info, never personal.

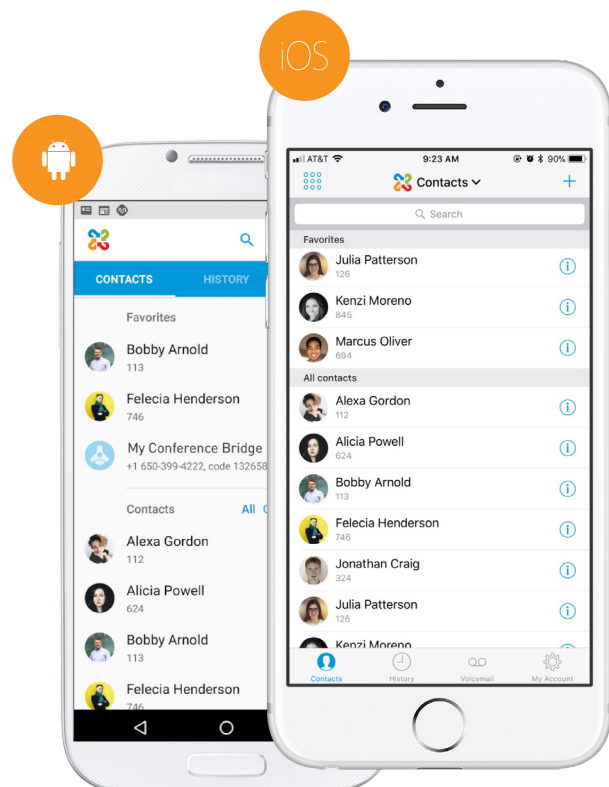

THE INTERMEDIA UNITE MOBILE APP

Enables a mobile device to become a communications endpoint for the Intermedia Unite service. Employees can now make or receive calls through the corporate phone system and utilize enterprise calling features, no matter where they are.

Includes:

-  Integrated, searchable corporate phone directory
-  Management of multiple calls at once
-  Voicemail with transcription
-  One-touch transfer to desk phone with the Call Flip feature
-  Advanced calling features such as call transfer, hold, Call Flip, FindMe/ FollowMe, and more...

The Unite Mobile App is available in both Android and Apple iOS versions. Download it for free in the Google Play Store or Apple App Store.

Advanced Calling Features For Anywhere, Anytime Productivity

CALL MANAGEMENT, HOLDS, AND TRANSFERS

Use your mobile just like your desk phone.

Manage, hold, and transfer calls with just a tap or two. Easily switch between calls, transfer calls via warm or blind transfer, check call history, and put calls on speaker.

CALL FLIP

Move between your desk and mobile phones with ease.

Transfer your call from your mobile app to your desk phone – without disconnecting your call. Simply tap the Call Flip icon, then pick up the call on your desk phone.

VOICEMAIL

Easily manage your voicemail.

Get all the most important options you regularly use at your desk right on your mobile device: playback, forwarding, deleting, and voicemail transcription.

FIND ME/FOLLOW ME

Make sure callers can reach you anywhere, anytime, on any device.

Rings your desk phone and a mobile phone at the same time, so you won't miss important calls. Create rules around how you like to receive business calls.

MOBILE ASSISTANT — Coming soon!

Be more productive with the phone system.

Get recommendations for custom calling rules based on your calling patterns, preferences, time of day, meeting status, location, and more.
