Wizyconf Huddle-Room Introduction

Wizyconf Huddle-Room is a Conference Video Station with integrated audio and wide-angle camera, designed for Wildix WebRTC videoconferences. The device is a plug&play solution that can be connected to a PC or laptop via USB cable without any preliminary installation or driver. In this way, Wizyconf Huddle-Room ensures efficient collaboration in conference rooms up to 10 participants.

Features

- **HD Video.** The device supports 1080p HD video and provides users with high quality Internet video meetings and improves conference efficiency
- **Broader Horizon.** Wizyconf Huddle-Room provides a wide-angle view up to 120 degrees, restoring the real scene and displaying more meeting details
- **Plug&Play.** The device provides Plug&Play capabilities and can be easily implemented by any user
- **Universal Omnidirectional Microphone.** It has strong echo suppression and noise reduction ability for ensuring a clear voice during conferences.
- **Cost reduction of team collaboration.** Wizyconf Huddle-Room brings more convenient and online real-time meeting, reducing the cost of the meeting greatly.
